Inline Duct Silencers

Easily fitted Silencer

Lined with best quality Accoustic foam, that effectively reduces the noise in the duct.

For the most effective noise reduction, the silencer is best positioned immediatly after a fan or bend.

The Silencer should be used together with an insulated fan where there is a requirement for noise reduction both on the duct and in the surrounding areas as a whole.

Standard Lengths are 500mm

Non Standard Lengths available upon request.
